

L VE YOUR SOILS Day

at  **PARKLAND**
COLLEGE

YOU'RE INVITED TO ATTEND

Parkland Agriculture Department is proud to present,

“Love Your Soils” day at Parkland College.

Come and learn about:

- ◆ “What does a naturally functioning soil look like?” Learn practices that can enhance soil health functions.
- ◆ “How can growers manage cover crops to enhance their soils?” Learn how to incorporate cover crops into your current cropping systems.
- ◆ “How can growers manage nitrogen and soil properties as a long-term sustainable practice for crop production?” Learn advanced variable rate N options and how bulk density impacts production.
- ◆ Learn how to incorporate and evaluate soil health practices through Champaign County SWCD S.T.A.R Program (Saving Tomorrow’s Agriculture Resources)
